## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-31 are allowed.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest a critical temperature indicator which provides an irreversible visual indication that the indicator has been exposed to a predetermined critical temperature, which includes: a mixture of water, latex, and ice nucleating active microorganism in combination with the remaining limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Response to Arguments***

3. Applicant's arguments, see Remarks, filed March 23, 2005, with respect to claims 1-31, specifically independent claims 1, 12, and 22 have been fully considered and are persuasive. The rejection of claims 1-31 has been withdrawn and an allowance is given.
